## 2. Conditions:

- (A) If the monthly average power factor (p.f.) is recorded below 0.90 at the 230, 132 & 33 kV supply points of the electricity distribution utilities/companies, the applicable rate of surcharge will be as follows:
- (1) For monthly average p.f. of just below 0.90 to 0.88 at the electricity supply point, the applicable surcharge will be 0.50% of the total energy charge for every less value of 0.01 unit p.f.
  - (2) For monthly average p.f. of just below 0.88 to 0.80 at the electricity supply point, the applicable surcharge will be 1.00% of total energy charge for every less value of 0.01 unit p.f.
  - (3) For monthly average p.f. of just below 0.80 to 0.75 at the electricity supply point, the applicable surcharge will be 1.50% of total energy charge for less value of 0.01 unit p.f.
- (B) The monthly late payment surcharge at 1% simple interest rate will remain unchanged for late payment of electric bill by the electricity distribution utilities/companies.
- (C) In order to operate the *Palli Biddut Samitys* in break-even (no profit- no loss) in the manner followed by the Commission, Bangladesh Rural Electrification Board will determine the net revenue demand of each *Palli Biddut Samity* and fix different rates for each *Palli Biddut Samity* considering their financial, geographical and other considerations for allocation of concessional benefits. The said rate can be re-fixed considering the financial condition of Palli Bidyut Samiti based on the actual information at the end of the financial year.
3. Refixed Bulk Electricity Tariff will be effective from bill month March 2020.
4. This order will remain in force until further notice.
